DETAILED ACTION

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Claim 18 reads "A method according to claim 1 B". Please change claim 18 to read "A method according to claim 16"

Allowable Subject Matter

Claims 1 - 21 are allowed.

The following is a statement of reasons for the indication of allowable subject matter:

Applicants added limitations to claims 1 and 14 more clearly illustrate there are two different points of reference and the distinction of the multiple transfer functions (as shown in applicant's Fig. 1) in addition to the remarks separate Applicant's claimed invention from the prior art. Therefore the claims are allowable.

Claims 2 – 13 and 15 – 21 are allowable as being dependent upon an allowable base claim.

Conclusion

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
